

London Waldorf School Childcare Centre

Consent for Food Preparation and Consumption Form

One of the joys of a Waldorf early childhood education experience is the tasks of daily life in which your children take part. This is particularly true for baking bread and making soup. These activities take place in small groups and under the supervision of one of your child's educators at all times.

As any food preparation has some element of risk, please indicate below your consent to allow your child to participate in food preparation activities as part of their classroom experience.

I give permission for my child _____ to be included in guided food preparation activities in the classroom. Child's Name

I would prefer that my child _____ **NOT** be included in guided food preparation activities in the classroom Child's Name

Signature of Parent/Guardian

Date

Occasionally your child will be invited to bring fresh produce from home for food preparation activities in the classroom, such as soup making. Produce from home must arrive either in its whole form or be easily identified as having been bought from the store. Items purchased at a store must be in their original unopened package and have a best before date that has not yet passed.

Please indicate below whether you give consent for your child to consume food that was made as part of a guided classroom activity with ingredients that were brought from the homes of members of the class.

I give permission for my child _____ to consume food that was Child's Name

made as part of a guided classroom activity with ingredients that were brought from the homes of members of the class.

I would prefer that my child _____ **NOT** consume food that was Child's Name

made as part of a guided classroom activity with ingredients that were brought from the homes of members of the class.
